## Health Center offering sports physicals

With schools reopening and most sports resuming, many local students need a physical exam to participate. The Community Health Center is offering sports physicals by appointment only for a flat fee of \$20. The health center has two locations: inside Knox Public Health at the corner of Upper Gilchrist and Coshocton roads, across from the radio station; and in Danville, next to Conway's Pharmacy. To make an appointment for either location, call 740-399-8008.

Due to the discounted cost for the physical exams, insurance or Medicaid will not be accepted as payment for these specially-offered sports exams. However, the health center accepts cash, checks and debit/credit cards for payment.

Students need to bring necessary paperwork provided by the school sports program. Students are also encouraged to bring their immunization record. If students are not accompanied by a parent, they should have their consent form signed by a parent prior to attending the clinic to authorize the provider to perform the exam.

For more information, contact the health center at 740-399-8008.
